

Long Term Care University

Long Term Care University – Question of the Month

By Aaron Skloff, AIF, CFA, MBA

08/15/10

Q: What are the Top 6 most Frequently Asked Questions (FAQs) about the New York State Partnership for Long Term Care ?

The Problem – Understanding the New York State Partnership for Long Term Care (NYSPLTC)

Most long term care (LTC) insurance policies provide a limited amount of benefits. Even most lifetime benefit policies generally have a daily, monthly or annual limit. The cost of long term care after a policy has been exhausted can be financially devastating for you and your family. To compound the problem, assistance in the form of Medicaid is generally limited to the impoverished.

The Solution – The New York State Partnership for Long Term Care (NYSPLTC)

With a NYSPLTC insurance policy, after you have used all the benefits of your policy you can apply for Medicaid with complete ‘asset disregard’. This allows you to keep assets that would otherwise be disallowed. New York is one of only two states in the entire U.S. that permits **Total Asset** policies that provide **unlimited asset protection from Medicaid**. Furthermore, there is **no ‘look-back’ period**.

Question 1. Will my NYSPLTC policy pay for long term care both inside and outside of New York?

Answer 1. Yes. NYSPLTC policies will pay for long term care **both inside and outside of New York**.

Questions 2. After using up my NYSPLTC policy’s benefits, will New York Medicaid pay for my LTC in another state?

Answer 2. No. You must be a New York resident to purchase and receive New York Medicaid benefits. But, you can buy a NYSPLTC policy, move to Florida or any other state, use up your policy’s benefits over a number of years in Florida or any another state, then return to New York to receive a **lifetime of long term care paid by Medicaid – while protecting an unlimited amount of your assets**.

Question 3. Which of my assets are not protected under the NYSPLTC Total Asset 50 or Total Asset 100 programs?

Answer 3. None. An unlimited amount of your assets are protected under either the Total Asset 50 (often referred to as 3/6/50) or the Total Asset 100 (often referred to as 4/4/100) programs. This includes your cash, savings accounts, investments accounts, 401(k)s, 403(b)s, 457(b)s, 529s, IRAs, homes, art collections, inheritances, lottery winnings – **literally, unlimited asset protection**.

Question 4. Are my assets protected outside of New York?

Answer 4. Yes. An unlimited amount of your assets are protected **both inside and outside of New York**. For example; this includes your condominium in New York, NY, house in Westchester, NY and vacation homes in Naples, FL, Maui, HI and San Diego, CA.

Question 5. What key benefits must be included in a NYSPLTC policy versus a non-NYSPLTC policy?

Answer 5. A NYSPLTC insurance policy **must cover your long term costs in a nursing home and your own home** versus many policies that only cover care in a facility (e.g.: only a nursing home). A NYSPLTC Total Asset 100 insurance policy must provide minimum daily benefits of \$229 in 2010 (\$241 in 2011) in both a nursing facility and your own home. A NYSPLTC Total Asset 50 insurance policy must provide minimum daily benefits of \$229 in 2010 (\$241 in 2011) in a nursing facility and \$115 in 2010 (\$121 in 2011) in your own home. The minimum annual Nursing Home Care Bed Reservation benefit for a NYSPLTC policy is 20 days.

Question 6. Are there any risks if I delay purchasing a NYSPLTC policy?

Answer 6. Yes. Since NYSPLTC policies require 5% greater benefits each year, **delaying your purchase means buying 5% greater coverage each year** (e.g.: \$241 in 2011 versus \$229 in 2010). Insurers **increase pricing on new policies for older applicants**, reflecting the higher probability that you will need long term care sooner. The combination of these two factors can add greatly to the cost of a policy. Independent of your birthday, insurance **companies can (and often do) raise rates for new applicants**, subject to approval from the New York State Insurance Department. Lastly, your health is likely to deteriorate over time, placing you in a higher price health class or **entirely disqualifying you from purchasing long term care insurance**.

Action Step – Purchase a New York State Partnership for Long Term Care (NYSPLTC) Total Asset 50 or Total Asset 100 Policy

With a NYSPLTC policy you gain the safety of long term care insurance and the peace of mind provided by unlimited asset protection.
